

About this Project

BUILDING BLOCKS REQUIRED:

- Half Persian 3-in-1
- Zeela

This tutorial picks up after step 12 of Zeela. Ring sizes are the same as used in the Zeela tutorial and adds an extra small ring to fill in the open spaces running down the center of the weave.

Additional rings needed: 2-3 small rings per inch (approximately 15-22 additional rings per bracelet)

13. Starting at either end of the weave, pinch the Stage 3 rings of the first unit. (One ring on each side).

The ring you'll add in the next step will connect those two rings.

14. With an open small ring, weave through the two rings and close.

15. Repeat step 14 for all of the units in your piece.

Play with color to give your bracelet a different personality.
